Wanted

Caregivers of children who were born at 23-28 weeks gestation
and are now 4-7 years old

I am a post graduate student at Massey University completing a Master of Nursing Degree. I am also a Registered Nurse working in a Neonatal Intensive Care Unit. I would like to invite caregivers of children who were born extremely prematurely to share their experiences of what it is like raising a prematurely born child who is now between 4 and 6 years old.

This will involve an interview that will take around 1 hour. I am interested in hearing about some of the challenges you face and the support services that are available to help you with these.

Your name will be kept confidential.

If you are interested in participating or hearing more about this study please contact me by phone, text or email

I am more than happy to discuss the project with you and answer any questions you may have.

Thank you,

Caroline Wilson
